Upwork

<https://www.upwork.com/freelancers/~01f43cf4c3dbb26efb>

<https://github.com/ashraful99-98>

Skill

HTML5, CSS3, Responsive Web Site, Bootstrap, JavaScript, React, React Router, Node Js, API, Firebase, Fake Data, Mongo DB.

Education

Metropolitan University
Bachelor in Bsc. in C.S.E Engineering

EXPERIENCE

Junior Front End Developer | Web developer

I was a Junior Front End Developer in Web design. There was a group of 7 people. I was the leader of that group. Our task is to convert any PSD, sketch, jpg, drawing to HTML format and make it responsive. We actually convert thousands of files into html. It was a great experience working in Web design.

My work field

I am a front end developer . I works in upwork more than two years. I make responsive and portfolio web-site in my gitHub account. If you check my skill you can go my github account.

Github Account: <https://github.com/ashraful99-98>
